Package Contents

- Combination Notebook Lock with coiled steel security cable
- Notebook lock plate
- Quick Installation Guide

Serial Number Sticker

For future product return or exchange, this serial number is required. Please keep it for your reference.

How to use the Notebook Lock

The combination is pre-set at 0-0-0-0. Line up the preset combination to the red line then pull out the shackle.

Changing the Combination

1. Open the lock, turn the shackle 180 degrees.
2. Press down on the shackle and set the dials to your personal combination.
3. Release the shackle and the lock is ready for use.

Securing your Notebook

1. Place the **Notebook Lock Plat**e into the security docking hole of your notebook.
2. Wrap the steel cable around a stationary object, then thread the shackle throug the cable's end loop.
3. Thread the shackle through one of the holes on the lock plate and lock it. Your notebook is now secure.

Detaching the Steel Cable

The shackle must be open before you can detach/attach the cable.

1. Set the combination then open the shackle.
2. Press the button located on the bottom of the lock next to the cable and the cable will disconnect from the lock. To re-attach simply push the cable into the slot.

Technical Support and Warranty

QUESTIONS? SIIG's **Online Support** has answers! Simply visit our web site at ***www.siig.com*** and click **Support**. Our online support database is updated daily with new drivers and solutions.
